ABOUT ALEXIS NIKOLE

MEET ALEXIS

Alexis White creates digital illustrations of brightly colored "junk food" pop art. She states that "I like to see kids light up over ice cream stickers or donuts! They get so excited! I like it even more when adults see their favorite popsicle or childhood treat and you can see on their face that they are reliving those happy childhood memories and their inner child comes out. Treats are simple things that connect almost everyone and it's inspiring. It is nice to see the joy in others and our commonalities." These concepts are incorporated into other 2D and 3D work. She has completed murals in Southern, CA and in the Tri-Cities area where she grew up.

ADDITIONAL INFO

PRODUCT SPECIFICATIONS

Magnets

All magnets are made of epoxy resin and are very durable. The magnets are secured with epoxy and hold very strong. Sold in singles or in packs.

Stickers

Each sticker is approximately 2.5" x 2.5" in size give or take a little bit in either direction. They are all waterproof, vinyl and glass stickers.

Sticker Packs

Sticker packs come with 5 stickers in a cellophane bag that is sealed with Alexis Nikole branding and hole punched at the top center.

Socks

One size fits most, knit with reinforced toe and heel, with extra cushioning in the sole.

Materials: 58% recycled polyester (made from recycled materials), 22% nylon, 15% cotton, 4% spandex, 1% rubber. Printed to allow ink to penetrate the yarn, so socks look great even when stretched; finer print details may vary from the product photo.

Machine washable.

Canvas Zip Pouches

Canvas Zip Pouches are 10.5" W x 5.5" H. The artwork is intentionally outline for buyers to be able to fill in and customize their own pouch with fabric markers, print or etc. I suggest if the plan to customize their zips to put cardboard inside so ink doesn't leek through to the other side while its drying.

Colored Zip Pouches

Colored Zip Pouches are 9" W x 6" H. Fits pens, pencils and most make-up and hair brushes. Made of durable cloth material. Ask me about custom zips!

Key-chains

All key-chains are made with hard acrylic. The back artwork is sealed in to avoid scratching with epoxy resin.

Acrylic Pins

Acrylic Pins are made with hard acrylic and come with a rubber back. Each comes in its own individual packaging with Alexis Nikole branding and a hold punch at the top.

Ornaments

Popsicle Ornaments are made of epoxy resin, they are very durable and come with a string loop to hang on tree. Areas with larger flat surfaces can be scratched if it comes into contact with a rough surface. Handle with care and use provided product wrap when items are sold or in the process of being displayed.
